

## 2019 Summer Enrichment Program at Comsewogue School District

Free T-Shirt for  
all students

ESBOCES, in partnership with the Comsewogue School District, will once again sponsor the Summer Enrichment Program for students currently in grades K-8. The 2019 courses will provide hands-on educational activities in: science, technology, literacy, mathematics and engineering, as well as, the special guided reading program, which has shown tremendous results for the past four years. A specific course schedule for the 2019 program will be finalized when the 2019 brochure is distributed to all elementary school students in early March.

The ESBOCES Summer Enrichment Program is proud to be able to provide meaningful educational activities in areas students enjoy and still maintain the low cost for the program, making this program one of the most cost-effective programs on Long Island. The program will include field trips to attractions on Long Island, swimming one afternoon per week at Centereach Pool, and special themed days. This creates a "camp-like" atmosphere in an educational setting with supervision and instruction by New York State certified teachers.

For additional information, or to receive a brochure, contact ESBOCES Education and Information Support Services at:
